LOUISIANA DEPARTMENT OF EDUCATION

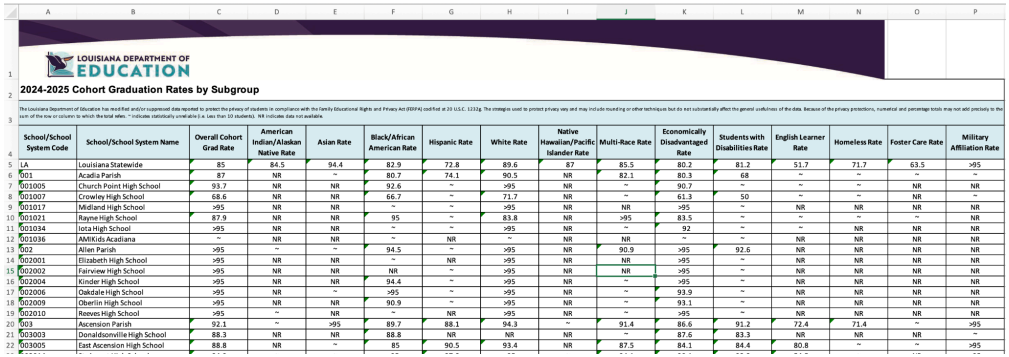

ACT Best Composite Scores for 2023-2024 Seniors by School

The Louisiana Department of Education has modified and/or suppressed data reported to protect the privacy of students in compliance with the Family Educational Rights and Privacy Act (FERPA) codified at 20 U.S.C. 1232g. The strategies used to protect privacy vary and may include rounding or other techniques but do not substantially affect the general usefulness of the data. Because of the privacy protections, numerical and percentage totals may not add precisely to the sum of the row or column to which the total refers. ~ indicates statistically unreliable (i.e. Less than 10 students in a subgroup). N/A indicates scores not available.

2023-2024 ACT data were calculated using the Best Score methodology. Includes all 2023-2024 Seniors' Best ACT score.

School System Code	School System Name	Site Code	Site Name	2023-2024 Student Count	2023-2024 Average Composite Score

College Going/Enrollment Data for 2017-2018 High School Graduates by School System

The Louisiana Department of Education has modified and/or suppressed data reported to protect the privacy of students in compliance with the Family Educational Rights and Privacy Act (FERPA) codified at 20 U.S.C. 1232g. The strategies used to protect privacy vary and may include rounding or other techniques but do not substantially affect the general usefulness of the data. Because of the privacy protections, numerical and percentage totals may not add precisely to the sum of the row or column to which the total refers. ~ indicates statistically unreliable (i.e. Less than 10 students in a subgroup or subgroup not defined at that time)

College enrollment data is provided by the National Student Clearinghouse and Board of Regents.

Calculations used below were based on the following criteria: 1) Total Graduates were calculated based on LDOE Student Information System (SIS) End-of-Year where "GraduateFlg = "Y", 2) # enrolled 1st Fall after graduation was based on Enrollment Beginning Date <= 10/31/2018.

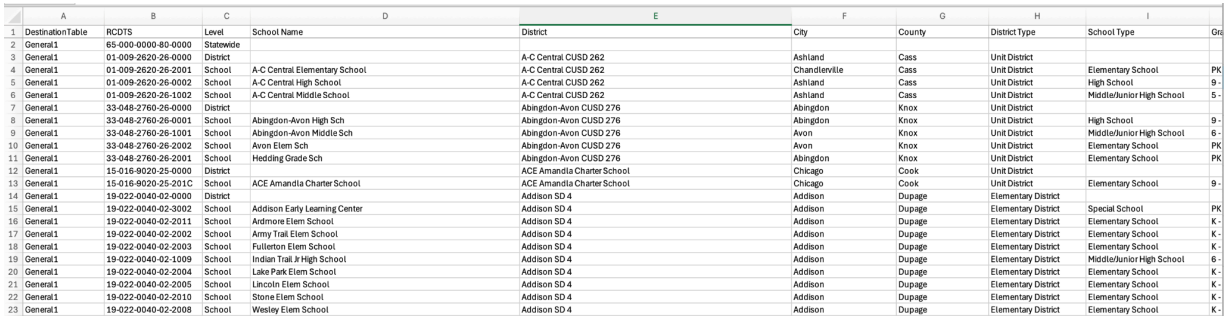

High School Graduation Year	School System/Site Code	School System/Site Name	Total 2017-18 High School (HS) Graduates	Enrolled in College 1st Fall (2018) after HS Graduation	Of those HS Graduates enrolled in College the 1st Fall (2018) after HS graduation		
				% Graduates	% 2 Year	% 4 Year	% In State

Maryland Public High School Graduates: Immediate College Enrollment
College Enrollment and College Degree Attainment

The charts below provide data on college enrollment and college graduation patterns for high school graduates with **Immediate** college enrollment. **Immediate** enrollment includes high school graduates who enroll full-time in a degree-seeking program in the fall immediate high school. Reporting on college graduation is limited to those cohorts that have reached the age of 25. To learn more about the cost of college and college outcomes visit the **U. S. Department of Education's** College Scorecard.

Statewide and local school system results are presented along with the school selected from the drop-downs above. **Due to data suppression policies, data from some school systems or schools may not display for one or more cohorts.**

Scroll down to see data tables that correspond to enrollment and graduation data presented in the charts and important notes about the data used to create this series of dashboards.

College enrollment Class of 2019-2024 → NEED 2025

This worksheet contains one table spanning columns A through R with row 10 as the header row. Note that rows 1 through 10 and column A are frozen.

Postsecondary Enrollment Rate Trends: Fall and 16-month Postsecondary Rates

Date: 11/6/25

Source: NJ SMART SID Management for graduates and National Student Clearinghouse (NSC) for postsecondary enrollment

The enrollment percentages in this spreadsheet are the percentage of high school graduates for the given school year who enrolled in a postsecondary institution as of the fall following graduation and at any point during the 16 months following graduation.

Ranges are reported to address that a small percentage of high school graduates each year may not be matched by NSC. The upper bound is an estimate of the percentage of students who may have enrolled.

The lower bound of the range is the percentage of graduates who were matched by NSC to postsecondary enrollment.

The upper bound is calculated by dividing the number of graduates who were matched by NSC to postsecondary enrollment by NSC by 97 percent of the total graduating cohort.

An N indicates that there were no graduates reported for the given year and an "*" indicates that there were fewer than 10 graduates reported by the LEA and data has been hidden to protect student privacy.

- https://www.pa.gov/agencies/sbhe/data-dashboards/enrollment
    - PA schools only

Differences: New Hampshire also repealed its policy this school year (i.e., 2024-25), just one year after implementation. In New York and California, local education agencies (LEAs), rather than students, are ultimately responsible for ensuring that students submit a FAFSA. Similarly, Maryland requires LEAs to support students in submitting the FAFSA but does not have a FAFSA graduation requirement for students. In Colorado, only high schools that got a grant to support FAFSA completion have a FAFSA graduation requirement.

(Old dosage definition e=-5, 5 classes earlier)

States	First class	Dose	Clean pre-trend	Reference
